Transboundary MSP in the Baltic Sea

Joacim Johannesson

Swedish Agency for Marine and Water Management

Co-funded by the
European Maritime and
Fisheries Fund of the
European Union

Experience from the Baltic Sea

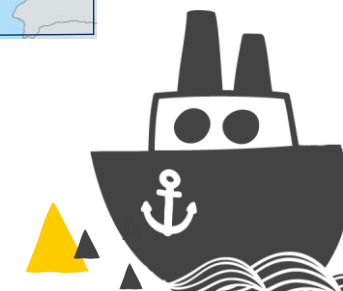

Shared sea, challenges and visions

Countries are similar, but also different

Collaboration is serious business

Not only about planning and planners

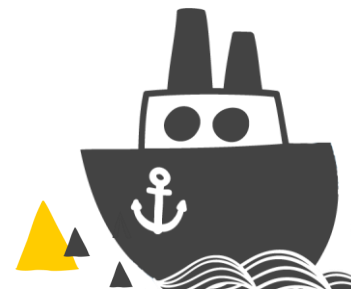

Better together, better plans

Enabling conditions for transboundary MSP

- **Politicians on board**
- **Common visions and objectives**
(the current ones could be sufficient)
- **Common MSP-language and framework**
(guidelines, principles, roadmaps, legislation etc)
- **Access to funding**
(eg. for transboundary projects)
- **Existing structures for transboundary cooperation**
- **Shared knowledge**
